Jepson's 50th

Sum It UP!

This year Willis Jepson Middle School CELEBRATES its 50th birthday. For this historic event the school put up a new sign in honor of its first 50 years. In attendance at this joyous occasion were several members of Jepson's first class, Superintendent John Aycock, current and former teachers and principals, school board members and students.

Many things may have stayed the same but, Jepson has grown better with age. We have technology, honors courses, leadership students, special interest clubs, superior electives, champion sports teams, monitoring systems and specialized classes. But mostly we have Jaguar Spirit. Jepson Forever!

OMG! lol This year was so crazy! I can't believe how much homework the teachers gave us! History tests were tough, but Mr. Plitt's Amendment Test wasn't as hard as I thought it would be. Benchmarks were the worst, except for the ones I totally Aced. I can't believe I even made it through this school year. It all went by so fast...It's nice to be the top cats of the school! Jags Rules! Jepson forever...Watch out Vaca High here we come. The clubs and dances were AH-Mazing! 7th graders, good luck with 8th grade! Hopefully you will make it through...alive!:) lol jk cul8r MUAhahahahahahaha!

Seventh Grade

Lol I can't believe I was worried about this year! Being the new kids on campus wasn't all that bad. It was so different from 6th grade, but I kinda liked it. Remember how nervous we were about getting from class to class? So easy now! And I love having a different teacher for each subject. But homework was so crazy...sometimes history, math, English, & science had projects all due at the same time. Having sports at school was so much fun. I met a lot of new friends! Next year we'll be the top Jags! I hope to get some classes with my bff next year. That would be so cool. 8th grade will b gr8!

Faculty & Staff

Oh yeah, Jepson teachers and staff are the best. Sure they can be strict, but that's because they want us to learn...no slackers at Jepson. lol. But really, our teachers have personality! Mr. Dille always dresses up for our spirit days. No one teaches math like Mr. Clark, we're sure going to miss him. Going fishing? Mrs. Ayala and Mrs. Waldrop are always there for us. Whoa this year was busy: we built atoms for Ms. Gronert; launched rockets with Mrs. Coldiron; survived Mr. Rayburn's map tests. We made African Masks in history class. btw Mr. Birch got us another football championship! And "Hey Jr. give us a ride!"

1ST 100 DAYS

ONCE INAUGURATED, President Barack Obama got down to business, signing executive orders banning harsh interrogation techniques of suspected terrorists on his second day in office. The ban was Obama's first step toward closing the prisons at Guantanamo Bay. **ONE WEEK LATER**, the president signed a labor act guaranteeing equal pay for all workers. Regarding the act, Obama explained that he saw the inequality as a family issue, not just a women's issue. **ATTENTION TO THE ECONOMY** brought the \$787 billion economic stimulus package in the form of February's

American Recovery and Reinvestment Act, controversial legislation which the administration claimed sparked growth as early as the third quarter.

A TOTAL TROOP WITHDRAWAL from Iraq by the end of 2011 was announced on February 27, and just a month later Obama announced a renewed commitment to Afghanistan and plans to send an additional 21,000 new troops there. **LONDON'S G-20 SUMMIT** allowed leaders from nations worldwide, as well as regional groups and international institutions, to strategize ways to revive the global economy and stimulate growth.

SOMALI PIRATES hijacked an American ship in the Indian Ocean off the Horn of Africa and took Captain Richard Phillips hostage in April. The ship, the *Maersk Alabama*, was carrying food and other aid supplies for the World Food Program. The five-day ordeal ended when U.S. Navy SEAL snipers killed three pirates, freeing Phillips. **BEA ARTHUR**, two-time Emmy award winner, died of cancer at 86. Probably best known for her *Golden Girls* character Dorothy Zbornak, Arthur began her acting career on Broadway, winning a Tony in the original stage production of *Mame*.

A 50 TO 1 LONGSHOT won the 135th Kentucky Derby. Jockey Calvin Borel and Mine That Bird came from behind on a muddy track to win the race by nearly seven lengths. **VOCALIST SUSAN BOYLE** became an overnight sensation on *Britain's Got Talent*. Her performance quickly became one of the most watched videos on YouTube. Despite a second-place finish in the competition, Boyle's first album, *I Dreamed a Dream*, became the biggest-selling album in the world for 2009 in just six weeks. **NORTH CAROLINA'S TARHEELS** beat Michigan State 89-72 in the men's Final Four, avenging a title game loss to Kansas the previous season. With the help of upperclassmen Tyler Hansbrough, Wayne Ellington, Ty Lawson and Danny Green, all of whom opted to return for another year with coach Roy Williams rather than heading to the NBA, the Tarheels cruised to their fifth national title and their second in five years. A unanimous pre-season No. 1, the team was UNC's first since 1982 to start and finish the year in the nation's top spot.

CONFICKER WORM, a computer virus that targeted the Microsoft Windows operating system, was estimated to have infected more than 15 million computers. It was believed to be the worst computer virus since the SQL slammer worm in 2003. In February 2009, Microsoft offered a \$250,000 reward for help with finding and arresting the people who created the computer worm.

31 Nearly 40 unemployed New Yorkers took part in the Unemployment Olympics, a day of fun and games in Manhattan's East Village planned by a recently laid-off computer software worker.

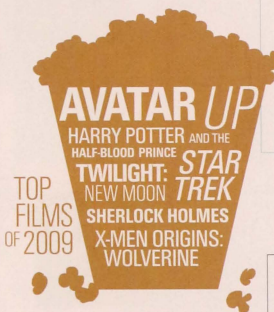

7 The Connecticut women's basketball team won its sixth national title, defeating Louisville 76-54 in a St. Louis Final Four tagged "March to the Arch."

12 Argentinean golfer Angel Cabrera won the Masters at 12 under par after a three-way playoff against Americans Chad Campbell and Kenny Perry.

23 Apple's iTunes App Store knew in advance that some lucky buyer would download the company's one billionth app on this date and they offered prizes galore.

24 The World Health Organization expressed concern at the spread of the H1N1 influenza from Mexico and the United States to other countries.

30 Supreme Court Justice David H. Souter announced his term-end retirement. A former attorney general from New Hampshire, Souter was appointed in 1990 by President George H.W. Bush.

20 Arkansas singer/songwriter Kris Allen, 23, won the eighth season of *American Idol*.

JUNE

After five seasons on TLC, the Gosselins of **Jon and Kate Plus Eight** announced divorce plans. The pair, plus their twins and septuplets, attracted nearly 10 million viewers.

24 Mark Sanford, South Carolina's governor, admitted to his affair with a woman in Buenos Aires. He resigned as chair of the Republican Governors Association.

FLUSHOTS

FLU SHOT CLINICS were set up in workplaces and schools from coast to coast as the government and the CDC suggested that as many people as possible be vaccinated against the H1N1 virus that led to hundreds of school closings in the spring of 2009. **AN EARLY START** to the flu season meant victims were affected in higher numbers and more extremely than usual, and that the flu's peak activity came in late October and early November rather than March. Until the vaccine arrived, anyone with H1N1's potential respiratory symptoms was encouraged to stay home rather than infecting classmates or

co-workers. **IN OCTOBER**, the vaccine began arriving in both injected and nasal spray forms. Within four months, 97 million H1N1 vaccine doses had been given to 86 million people in the United States. **TRULY PANDEMIC**, the H1N1 influenza infected approximately 57 million Americans or slightly more than 18 percent of the population between April 2009 and February 2010. About 11,690 people died and nearly 260,000 were hospitalized from the viral infection, which was also known as swine flu. **THE THREAT** of an additional outbreak loomed as the annual flu season waned.

JOB MARKET DETERIORATION continued, despite some tentative indications that the economy was improving. The federal unemployment rate peaked at 10.1% in October, but the economy continued to shed jobs at the rate of more than 263,000 a month. Data showed a loss of 8.4 million jobs since the recession's start in December 2007. **THE UNDER-EMPLOYMENT RATE** of workers whose hours had been cut or who were working part-time for lack of full-time positions hit 17% — the highest

since they began tracking the category in 1994. **FORECLOSURE FILINGS** in the third quarter hit a record high. Despite government-led and lender-supported relief efforts, nearly a million U.S. homes — 1 in every 136 nationwide — were in foreclosure by October. **FEDERAL RESERVE CHAIRMAN** Ben Bernanke announced September 15 that the recession had "very likely ended" while warning that it may not quickly affect the unemployment rate.

MTV'S 2009 VIDEO MUSIC AWARDS were going to be different from the start. In addition to recognizing current work, anticipation of a Michael Jackson tribute ran high. Instead, Kanye West literally stole the show, grabbing the mic during 20-year-old country/pop star Taylor Swift's Best Female Video acceptance speech for a quick rant about Beyoncé Knowles being more deserving. Swift went on to win the Grammy for Album of the Year for her second album, *Fearless*.

A runway at the Denver airport was shut down and search and rescue crews scoured the area below the craft's 50-mile flight path for the child, who was later found hiding in the garage. Subsequent interviews revealed that the event had been planned. The couple was billed for search services and both parents were sentenced to jail time. **THE WORLD'S TALLEST BUILDING**, the Burj Khalifa in Dubai, U.A.E. was completed on October 1 and opened on January 5, 2010. Named after the leader of neighboring oil-rich Abu Dhabi, which contributed billions of dollars to keep Dubai afloat, the building housed a hotel, offices and luxury apartments. At 2,717 feet, the tower with a public observation deck on the 124th floor was the tallest man-made structure ever built. **"BEATLES DAY"** was celebrated worldwide on 09/09/09 when re-mastered versions of The Beatles' albums were released, on the same day the video game *The Beatles: Rock Band* was released. In the major music markets of North America, Japan and the UK, consumers purchased more than 2.25 million copies of re-mastered albums in the first five days of release. In addition, more than half a million Rock Band units sold during the game's first month of release. The last Yankees' title was in 2000. **THE FIRST STATE DINNER** hosted by President and Mrs. Obama toasted a growing U.S. friendship with India with an evening of regal pageantry on the White House South Lawn on November 24. Visiting Indian Prime Minister Manmohan Singh and his wife Gursharan Kaur were honored guests alongside 300 others. A tradition dating back to 1874, state dinners were the most treasured and formal honor a U.S. president could offer a foreign dignitary, and the most coveted invitation in Washington. Unbeknownst to the Obamas and to the Secret Service, a Virginia couple, Tareq and Michaela Salahi, entered the dinner without an invitation, bypassing all security checkpoints. **SHOOTINGS AT FORT HOOD** killed 13 and injured 30 on November 5. Major Nidal Malik Hasan opened fire on fellow soldiers at the Fort Hood U.S. Army base in Texas; some reports suggested he was unhappy about an upcoming deployment.

NASCAR'S LONGEST STREAK of consecutive series championships belonged to Jimmie Johnson, who surpassed Cale Yarborough when he clinched his fourth title in a row, winning seven races in back-to-back seasons. **OPRAH'S PLANS** to retire when her current contract expires were announced nearly two years in advance of her final show. Media mogul/talk show host/philanthropist Oprah Winfrey said she will end her daily talk show in 2011. The show, which attracted more than seven million viewers a day, had been on the air since 1984. **SIGNS OF WATER ON THE MOON** were confirmed without question in November when a satellite intentionally crashed into a crater near the moon's South Pole. Using a two-part satellite, scientists said they created a collision, then measured the debris it created. The discovery was good news for explorers who wanted to set up labs on the lunar surface and to the scientists who hoped that the water, in the form of ancient ice, would reveal information about the history of the solar system.

HEALTHCARE

HEALTH CARE REFORM was a priority for President Obama and the Democratic leaders of Congress. In November, they came close to creating a comprehensive system of national health insurance when the House approved an overhaul of the system, 220 votes to 215. **MAX BAUCUS**, Senate Finance Committee chairman, had presented a plan that included many new insurance industry regulations but no government-run health care. The Democrat from Montana believed his bill could bring together Republicans and Democrats for an ambitious overhaul of health care. **TEA PARTY**

PROTESTS sprung up from coast to coast, providing a platform for citizens wishing to speak their discontent. While groups of those who felt they could no longer sit still and quietly observe governmental changes that made them uncomfortable took on many traits, the newly empowered activists worked to be visible in many parts of the country. **SENATE VOTES** in November were followed by the Senate's approval of an \$871 billion bill in December. While the two Congressional branches worked to reconcile their bills, it became apparent agreement was not imminent; the debate would continue for months.

HAITIAN EARTHQUAKE

DEATH AND DESTRUCTION were apparent immediately following the temblor which struck near Port-au-Prince, the capital city of Haiti. While fatality estimates topped 200,000, officials conceded that the burial of uncounted corpses would prohibit an exact tally. The quake, which was "felt strongly" in Cuba more than 200 miles away, damaged thousands of homes, including the president's residence. **BUSH/CLINTON HAITI RELIEF FUND**, designed to demonstrate American unity, raised more than \$17 million in under two weeks. In the month following the quake, American

charities sent more than \$790 million in charitable aid. **WYCLEF JEAN, GEORGE CLOONEY & FRIENDS** hosted concerts in New York, Los Angeles and London to raise funds for earthquake victims. Called "Hope for Haiti Now: A Global Benefit for Earthquake Relief," the January 22 concerts included performances by Bruce Springsteen, Madonna, Mary J. Blige, Taylor Swift, Justin Timberlake, Coldplay and Bono. In addition, a remake of the 25-year-old anthem "We Are the World," featuring more than 70 big names representing all genres of music, was recorded to benefit Haitian aid groups.

JAMES CAMERON'S AVATAR broke all kinds of records en route to becoming the highest grossing film of all time. Development of the science fiction epic spanned 15 years, partially because Cameron had previously determined that the necessary technology was not yet available to portray his visions for the film. Released for both traditional two-dimension projection and 3-D, *Avatar* was also the first film ever to gross \$2 billion, and it was nominated for nine Academy Awards, including Best Picture and Best Director. **TIGER WOODS** was named the Associated Press Athlete of the Decade in December. Despite a personal scandal that led to an indefinite break from professional golf, he collected nearly as many votes as runners-up Lance Armstrong and Roger Federer combined. Woods won 64 tournaments including 12 majors and earned more than \$81 million during the decade. **A TERRORIST ATTACK** on a December 25 Northwest Airlines flight from Amsterdam to Detroit was thwarted after a student with suspected al-Qaida ties attempted to ignite explosives in flight. **FIFA WORLD CUP SOCCER** tickets went on sale globally, adding more than 1 million new seats to those nearly 700,000 tickets already sold for the June/July soccer matches in South Africa. **CONAN O'BRIEN** left NBC and *The Tonight Show* on January 22, just eight months after he took the reins from Jay Leno. Despite ongoing unsuccessful negotiations with the network, O'Brien planned a busy last week hosting Robin Williams, Barry Manilow, Tom Hanks and Will Ferrell, and he took to the stage playing 70s rock anthem "Free Bird" with the band during the closing credits of his final show. **THE U.S. HEALTH CARE REFORM BILL** passed by the Senate on December 24 was expected to extend insurance coverage to 30 million additional Americans. Following the January 27 State of the Union Address where Obama vowed not to "walk away from" his drive for health insurance reform, additional modifications were made to the White House's proposed health care plan in preparation for a February 25 televised bipartisan health care summit. The six-hour summit was covered on CSPAN and was the day's news focus.

TILIKUM THE ORCA was not in the pool when SeaWorld Orlando's show, *Believe: The Sensational Shamu Show*, reopened just three days after the six-ton orca attacked and drowned veteran trainer Dawn Brancheau on February 24. The show featured trainers using hand signals to instruct the whales to leap, twirl and wave to or splash the audience. **AN OVERTIME**

VICTORY in hockey gave Canada the Olympic gold the host nation craved on the last day of Winter Games. The 3-2 win over Team U.S.A. came 7:40 into the extra period when 22-year-old Sidney Crosby sent goalie Ryan Miller a surprise wrist shot. Miller was the series M.V.P. and Crosby, a native of Nova Scotia, became the youngest ever captain of a Stanley Cup-winning team in 2009,

when his Pittsburgh Penguins beat the Detroit Red Wings four games to three. **CANADA'S JOANNIE ROCHETTE** captured viewers' hearts, competing in women's figure skating after her mother succumbed to a heart attack in Vancouver just days before. The 24-year-old from Quebec took bronze and became one of the most personal stories of the Vancouver Games. Korea's Yu-Na Kim became her country's first-ever Olympic figure skating medalist when she broke the 200-point mark and captured the gold medal. **AN ICEBERG COLLISION WITH ANTARCTICA**

dislodged another massive block of ice from the continent in February. The original iceberg, known as B9B, measured 60 miles in length and had broken free from Antarctica more than 20 years ago. The new iceberg weighed in at roughly 700 billion tons and, at 48 x 24 miles, contained the equivalent of one fifth of the world's annual total water usage. The two icebergs drifted together off the east coast of Antarctica. **U.S. BOBSLED GOLD** ended a 62-year Olympic drought for America when two-time World Champion Night Train pilot Steve Holcomb with crew Justin Olsen and Steve Mesler and brakeman Curtis Tomasevicz dominated action in Whistler. The win meant Germany's Andre Lange, who took gold in the two-man race, failed in his attempt to capture five Olympic golds in as many attempts. **AN 8.8 EARTHQUAKE IN CHILE** on February 27

toppled buildings, left more than 300 dead and caused tsunami evacuations as far away as Hawaii and Japan. While the quake was significantly more powerful than the Haitian temblor that caused massive devastation in January, the damage was minimized by its relatively deep epicenter and strict Chilean building codes that followed massive damage caused by a huge quake in 1960.
